

Feb. 26 1946

Mr Wm. McKechnie Jr.
Dunn Field
Trenton N.J.

Dear Mr McKechnie:

I decided not to answer your letter of Feb. 5th until after our league met in New York Feb. 12th. We are meeting again in Baltimore March 12th, at which time we will make up our schedule. I was not satisfied at everything that happened at the meeting, but I do feel encouraged to go on with it.

Now about Trenton, I have always felt that with proper handling Trenton could be built up to a good spot. I am sure our big opposition came from the booking agents who did not want us to have too many places to play. There is no question but that we had beautiful cooperation from the papers. I would like to be able to arrange some regularly scheduled games at our meeting in Baltimore in March. In order to do this I would have to ask you for the dates available. I have decided the best day to play in Trenton, in order to get all the teams to come in there, would be Saturday night. If the "Giants" play at home Saturday, would they play afternoon or night? If they played Afternoon we could still play there night, without hurting each other if you would permit it. I wish it was not so, but our baseball seems to draw entirely different crowds. IN Newark I don't think we have ten of The Bears fans at our games.

I am enclosing you the dates we have in Newark. Would it be possible for us to have the Saturday nights just before each Sunday. We could possibly use more if you had them, but we would like these definitely.

About the bill you got us a dozen bats, for which we were very thankful. We will pay you for them when we see you or send you a check as you desire. Will be looking to hear from you.

Very Truly Yours
